Dear Angelo Luciano

Contractors Health and Safety Assessment Scheme (CHAS) Accreditation

Thank you for your continued registration as an accredited company within CHAS. I am happy to enclose your new certificate of accreditation valid for one year from your last assessment date.

Please keep your certificate safe. If you misplace your CHAS Accreditation certificate, there is a £20 +VAT administration charge for us to supply you with a replacement. If however you require a new certificate having changed your company name through Companies House, then please follow the instructions on our website; <https://webforms.merton.gov.uk/default.aspx/RenderForm/?F.Name=cdoCLf9GAqL&HideAll=1>

Electronic logos and the licence detailing their use can be downloaded from the CHAS website using your log-in ID, at www.chas.co.uk

Your login id is: **41690ExperW**

We have included 12 stick-on logo's for use on company livery, (4xA5 with a white background and 4xA5 with clear background, 2xA4 with a white background and 2xA4 with clear background). Should you require more of these, they can be purchased from us at 60 pence each + VAT for A5 and £1 + VAT each for A4.

If you are registering with Constructionline you do not need to complete their health & safety questionnaire, you need only provide a copy of your CHAS Accreditation certificate which fulfils the health & safety requirements.

I would remind you that you will be required to be assessed on an annual basis (normal assessment fee will be payable). If you have any questions please contact us on the above number.

Yours faithfully
CHAS Scheme Administration Team
